As a recent Computer and Information Science graduate with proficiency in HTML, CSS, JavaScript, and Typescript, I am eager to launch my career as a Front-End Developer. I am committed to delivering high-quality solutions and eager to collaborate with experienced developers to contribute to innovative projects while expanding my skill set.

WORK EXPERIENCE

Frontend Developer

UiRevolution OCT 2023 - DEC 2023

- Continuously upskilled in emerging technologies through Trailhead By Salesforce, adept at quickly integrating new knowledge into projects, and demonstrating rapid learning and adaptability.
- Collaborated effectively with UX/UI designers to create visually appealing interfaces, adeptly translating wireframes into dynamic code using React, Vue.js, and Lightning Web Components.
- Ensured product quality through QA collaboration and rigorous unit testing. Proficient in RESTful and GraphQL APIs, with expertise in Salesforce GraphQL API for data retrieval and presentation on client websites.

Animation Database Technician

Kara Technologies JAN 2023 - MAR 2023

- Sign Language Dataset Curator: Created sign language animation datasets using Maya and relevant software tools, ensuring accuracy and relevance while maintaining dataset consistency.
- Dataset Reviewer: Reviewed and managed datasets for accuracy and completeness, implementing meticulous cleanup processes to maintain data integrity.
- Implemented dataset management system to streamline animation production process by reducing duplication through reusing existing video clips, effectively minimizing animator workload and time spent on repetitive tasks.

PROJECTS

Personal Portfolio - Skill: React

nzpatelk.github.io/Personal-Portfolio-Design/

- Developed and designed a captivating website featuring an enchanting background animation of colorful raindrops, showcasing technical expertise and creative innovation.

Farm Animal Health Care - Skill: Android Studio - Kotlin

<https://github.com/NZpatelK/Farm-Animal-Health-Care>

- Developed a mobile application aimed at revolutionizing animal healthcare in the farming industry, addressing challenges such as tracking animal health in real-time and simplifying data accessibility for farmers.

Medic Life - Skill: Figma

tinyurl.com/ui-medic

- Designed and implemented a mobile app enabling appointment scheduling, check-ins, medication purchases, digital prescriptions with QR codes, and medical record access, simplifying healthcare management for users.

SKILL

• React • React Native • MongoDB • Android Studio • Figma • Jest Unit Testing • GraphQL • RESTful

EDUCATION

Bachelor of Computer and Information Science

Auckland University Of Technology COMPLETED 2022

- Major in Software Development

ACHIEVEMENTS

Accenture Bootcamp

Accenture COMPLETED - JUL 2022

- Collaboratively developed a prototype in 4 days, meeting client specs, outperforming rival teams, and winning first prize for outstanding teamwork and high-quality solution delivery under tight deadlines.

INTEREST

• Bushwalking • Foods • Movies • Coding • Self-learning
